A whole body approach providing a solid foundation in the skills and techniques that apply to any style of singing – breath control, support, resonance and articulation. You'll also get a brush-up in your essential musical understanding and ensemble singing skills, using repertoire from the worlds of blues and gospel.

2) **SingShop**© Level 2, Doo-Wop! Begins Wednesday, Apr. 25

Doo-Wop is a *capella* rhythm and blues from the 50's and 60's. Dance music! Hand-clapping music! Singing "Doo-wop" means we are the band, the bass line, the harmony, the back-up, and the lead singers. Check this link for great "Doo-wop" recordings:
